Award for Outstanding Undergraduate Scholar

The URE Steering Committee offers this prestigious award to recognize undergraduate students who exemplify scholarly activity. Qualities that make a student successful in scholarly activities characterize those same qualities FHSU seeks to develop in students: original thought, creative ideas, communicating with professional colleagues, critical reasoning, analysis of research, translation of evidence into practice, and first-hand knowledge of how work is performed within a professional discipline.

The URE Steering Committee will provide **five awards**, one for an outstanding undergraduate student from **each college**. Nomination letters can come from FHSU faculty or staff, and should be submitted through [this website](#) no later than **March 6, 2020**. Any FHSU undergraduate student--including KAMS and Virtual College students--is eligible. The research project may be from the award year or past years; however, the student must have been an undergraduate student for a minimum of one semester during the award year. The nomination should describe the scholarly qualifications and products of the student--for example, published papers, professional presentations, on-campus research activities, musical/artistic performance, or other novel scholarly activity. The nomination should clarify the role of the undergraduate student in the scholarly activity. The nominator should also include the nominee's CV or resume.

Nominations will be evaluated by a subcommittee, who will make a recommendation to the full URE Steering Committee. Winners will be recognized during Undergraduate Research Week in April 2020.

Kansas Wetlands Educational Center (KWEC)
592 NE K-156 Highway, Great Bend

Come to the "Search for America's First People" program at Kansas Wetlands Education Center!

Clovis people are widely thought to be the first human inhabitants of the Americas, arriving about 13,000 years ago at the end of the last ice age.

But, as Dr. Rolfe D. Mandel, director of Kansas Geological Survey and KU professor, will discuss at the Kansas Wetlands Education Center on Sunday, March 1, geological archaeologists (geoarchaeologists) have found evidence that people not only arrived in North America but spread as far south as Chile long before 11,000 BCE. He will also discuss work that is reconstructing paleoenvironments to determine whether certain settings, such as Cheyenne Bottoms, were favorable for human occupation at the end of the Ice Age.

He will discuss these findings and more in a free public lecture beginning at 2 p.m. at the KWEC, 592 NE K-156 Highway, Great Bend, 10 miles northeast of Great Bend at the Cheyenne Bottoms Wildlife Area. For more information contact KWEC at 1-877-243-9268 or visit <http://wetlandscenter.fhsu.edu>. Encore Series Volunteers Needed!

The Encore Series is an eight-show performing arts series that takes place on the Fort Hays State University campus in the Beach/Schmidt Performing Arts Center. These shows bring nationally and internationally touring professional groups to our campus and community. To support the series, each year we search for volunteers to assist us by helping receive tickets at the doors and assist attendees with finding their seats.

To sign up for a volunteer position, simply login to TigerLink and find the form “2020 Encore Volunteer Form” on the Student Engagement page or click on the link provided:

<https://tigerlink.fhsu.edu/submitter/form/start/374179>. This is a great opportunity to receive service hours for an organization or individually.

Volunteers will be expected to work all shows that they signed up for. Please review the information provided on the TigerLink Form before submitting. At each show you volunteer for you or your organization will be expected to arrive at 6:30 PM. It is important to understand that you are the primary contact and you are responsible for making sure the registered volunteers for your organization and/or yourself are on time for the selected performance.

Glitter and Ash

Get your ash on campus! This Ash Wednesday, February 26, from 11:30am-1:30pm, inside the Memorial Union, on the Feature Wall (by Starbucks), Us 4 U and United Methodist Campus Ministries are offering Ashes-To-Go and Glitter+Ash. You can choose traditional ashes or Glitter+Ash (make-up grade, biodegradable, purple glitter mixed with traditional ashes). Why glitter? "Glitter is an inextricable element of queer history...Glitter+Ash is an inherently queer

sign of Christian belief, blending symbols of mortality and hope, of penance and celebration...This Ash Wednesday, we will make that spark [of life] easier to see. We will stand witness to the gritty, glittery, scandalous hope that exists in the very marrow of [the LGBTQ+]tradition." For more information visit: <https://parity.nyc/glitter-ash-wednesday2020> Find our event on [Facebook](#) or TigerLink.
